1 Send A Sample Cheque:

A sample cheque (marked "VOID") showing correct MICR encoding is required to process your order. New chequing accounts must include a MICR specification sheet from your bank (no deposit slips please).

2 Specify Imprint Information:

Cheques include seven areas of imprinting (shown right) at no additional charge. Consecutive numbering is included in the MICR encoding. A second signature line or other wording in the signature area is available on most cheques.

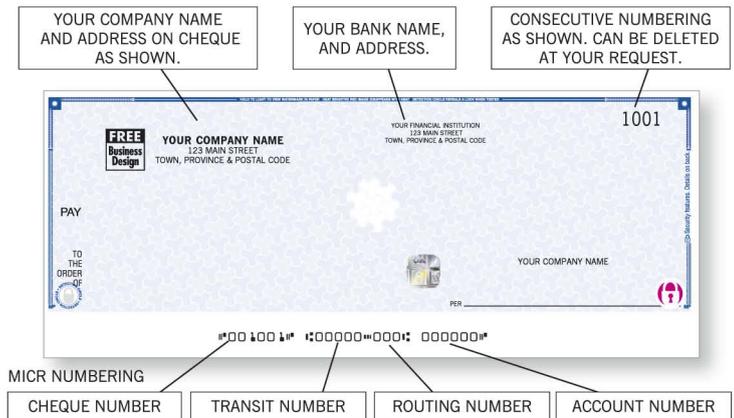

3 Specify Consecutive Numbering:

If a starting number is not specified, 1001 will be used (not available for all cheque styles).

4 Choose A Tpestyle:

Choose a tpestyle for the first line of your imprint. If no Tpestyle is specified, Tpestyle 1 will be used.

EXCLUSIVE CUTTING EDGE FEATURES!

- MULTI-TONAL VOID PANTOGRAPH & VERIFICATION GRID**
A VOID element appears, and an otherwise noticeable element disappears, when the document is copied. This provides an effective deterrent to criminals.
- INTRICATE DESIGN BORDER**
Intricately designed border is difficult to reproduce.
- THERMOCHROMIC INK**
Disappears when heat is applied.

Look for this icon to identify our High Security Cheques!

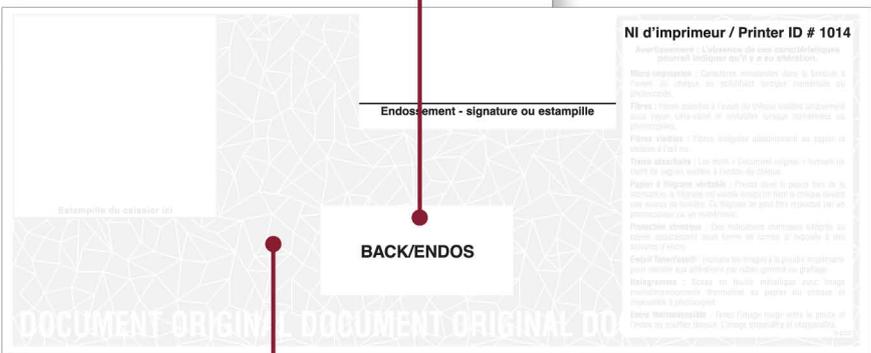

FALSE-POSITIVE TEST AREA
An instant authenticity test using black light and/or counterfeit pen detection tools commonly found in most small businesses, retailers and banks.

FOIL HOLOGRAM
Our multicoloured, dimensional foil includes embedded security features and cannot be reproduced by copiers or scanners.

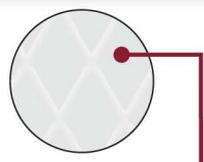

CHEMICAL-WASH DETECTION AREA
Chemical alteration attempts result in speckling or stains in this lock area.

HIGH-SECURITY BACKGROUND COLOURS
Copiers and Scanners cannot effectively reproduce these designs.

ANTI-COPY TECHNOLOGY
This feature makes it very difficult to copy a document on the majority of copiers in use today.

ORIGINAL DOCUMENT BACKER
Original document screening deters cut-and-paste alteration attempts.

TRUE WATERMARK
Watermark pressed into paper can be seen by holding the cheque up to a light source but cannot be reproduced by copiers or scanners.

Also includes these security features:

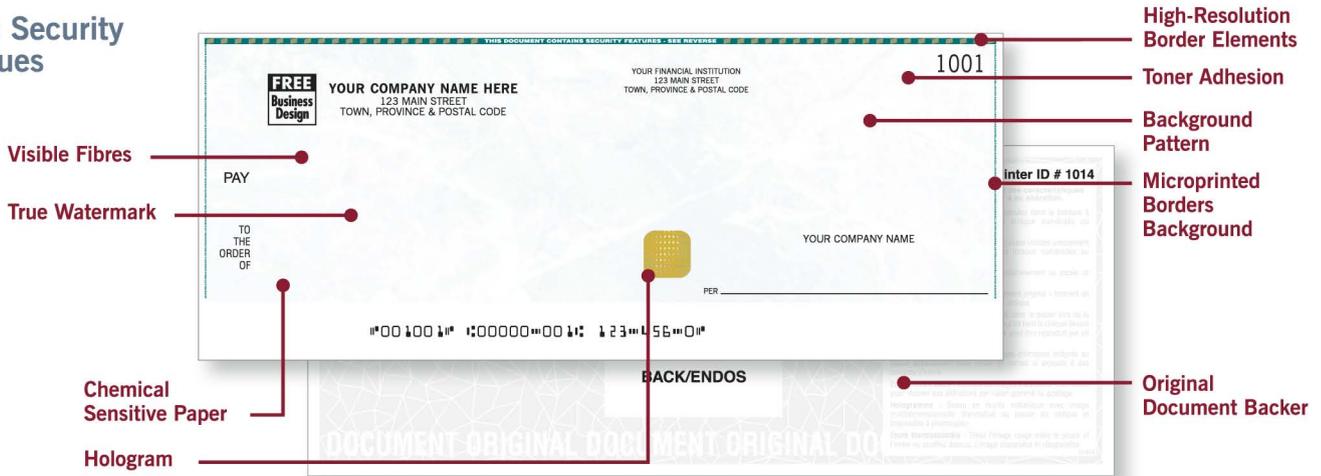

- Chemical-sensitive paper
- Consecutive numbering
- Invisible fluorescent fibres
- Microprinted borders
- Visible fibres
- Toner adhesion
- Padlock icon
- Security warning box
- Warning border
- High-resolution border elements
- Colour pantograph background pattern
